List of contributors ix
Preface xi

1. **Scope and implications of MRI-negative refractory focal epilepsy** 1
Elson L. So and Philippe Ryvlin
2. **Seizure semiology and scalp EEG in MRI-negative refractory focal epilepsy** 6
Sabeyl Noachtar and Elisabeth Hartl
3. **Clinical and advanced techniques for optimizing MRI in refractory focal epilepsy** 16
Neda Bernasconi and Andrea Bernasconi
4. **PET in MRI-negative refractory focal epilepsy** 28
Alexander Hammers
5. **Advanced SPECT image processing in MRI-negative refractory focal epilepsy** 38
Elson L. So, Terence J. O'Brien, and Benjamin H. Brinkmann
6. **MEG and magnetic source imaging in MRI-negative refractory focal epilepsy** 47
Koji Iida, Akira Hashizume, and Hiroshi Otsubo
7. **Electric source imaging in MRI-negative refractory focal epilepsy** 56
Christoph M. Michel and Margitta Seeck
8. **Functional MRI in MRI-negative refractory focal epilepsy** 68
Friederike Möller and Stephan Ulmer
9. **Multimodality image coregistration for MRI-negative epilepsy surgery** 80
Benjamin H. Brinkmann and Vlastimil Sulc
10. **Subdural electrode implantation and recording in MRI-negative epilepsy surgery** 90
Michael R. Sperling and Christopher T. Skidmore
11. **Depth electrode and stereoelectroencephalography in MRI-negative epilepsy** 112
Philippe Ryvlin, Alexandra Montavont, Karine Ostrowsky-Coste, and Marc Guénot
12. **Ultraslow and high-frequency recordings in MRI-negative refractory focal epilepsy** 129
Vlastimil Sulc and Gregory A. Worrell
13. **Cortical mapping in MRI-negative epilepsy surgery** 136
Gonzalo Alarcón and Antonio Valentín
14. **Localization and surgery for MRI-negative temporal lobe and temporal-plus epilepsies** 153
Sang Kun Lee and Hye-Jin Moon
15. **Localization and surgery in MRI-negative frontal lobe epilepsies** 168
Chaturbhuj Rathore and Kurupath Radhakrishnan
16. **Localization and surgery in MRI-negative posterior cortex epilepsies** 184
Christoph Baumgartner and Susanne Pirker
17. **MRI-negative refractory focal epilepsy in childhood** 198
Prasanna Jayakar and Michael Duchowny
18. **Surgical approaches and techniques in MRI-negative focal epilepsy** 206
Sumeet Vadera and William Bingaman

- 19. **Histopathology findings in MRI-negative focal epilepsy** 214
Ingmar Blümcke and Roland Coras
- 20. **Neuropsychological issues in MRI-negative focal epilepsy surgery: evaluation and outcomes** 223
Rosana Esteller, Daniel L. Drane, Kimford J. Meador, and David W. Loring

- 21. **Conclusion** 237
Philippe Ryvlin and Elson L. So

Index 240
