

# CONTENTS

Preface v

## 1 VERTEBRAL COLUMN 1

- I. The Vertebral Column 1
- II. Normal and Abnormal Curvatures of the Vertebral Column 2
- III. Vertebral Levels of Various Anatomical Structures 3
- IV. Joints 4
- V. Vasculature of the Vertebral Column 5
- VI. Clinical Considerations 5
- VII. Normal Radiology 10

## 2 SPINAL CORD AND SPINAL NERVES 14

- I. Components of the Spinal Cord 14
- II. Meninges and Spaces 14
- III. Arterial Supply of the Spinal Cord 16
- IV. Components of a Spinal Nerve 16
- V. Dermatomes 18
- VI. Clinical Procedures 18
- VII. Clinical Considerations 21

## 3 AUTONOMIC NERVOUS SYSTEM 24

- I. General Features of the Nervous System 24
- II. Sympathetic Division of the ANS (Thoracolumbar) 24
- III. Parasympathetic Division of the ANS (Craniosacral) 28
- IV. Summary Table of Sympathetic and Parasympathetic Motor Actions 32

## 4 LYMPHATIC SYSTEM 33

- I. Central Lymphatic Drainage 33
- II. Summary Diagram of Specific Lymphatic Drainage 34

## 5 CHEST WALL 36

- I. General Features of the Thorax 36
- II. Bones of the Thorax 36
- III. Muscles of the Thorax 37
- IV. Movement of the Thoracic Wall 38
- V. Arteries of the Thorax 39
- VI. Veins of the Thorax 39

- VII. Nerves of the Thorax 39
- VIII. Breast 39
- IX. Anterior Chest Wall 42
- X. Lateral Chest Wall 45
- XI. Posterior Chest Wall 47
- XII. Mediastinum 47
- XIII. Radiology 49

## 6 PLEURA, TRACHEOBRONCHIAL TREE, LUNGS 53

- I. Pleura 53
- II. Tracheobronchial Tree 55
- III. Lungs 57
- IV. Clinical Considerations 59
- V. Cross-sectional Anatomy 63

## 7 THE HEART 70

- I. The Pericardium 70
- II. Heart Surfaces 71
- III. Heart Borders 71
- IV. Fibrous Skeleton of the Heart 73
- V. Valves and Auscultation Sites 73
- VI. Arterial Supply of the Heart 74
- VII. Venous Drainage of the Heart 76
- VIII. The Conduction System 76
- IX. Innervation of the Heart 77
- X. Gross Anatomy of the Heart 78
- XI. Clinical Considerations 80
- XII. Radiology 83

## 8 ABDOMINAL WALL 89

- I. Abdominal Regions and Quadrants 89
- II. Muscles 90
- III. Clinical Procedure 90
- IV. Inguinal Region 91
- V. The Scrotum 93

## 9 PERITONEAL CAVITY 95

- I. Peritoneal Cavity 95
- II. Omentum 97
- III. Intraperitoneal and Extraperitoneal Viscera 97
- IV. Clinical Considerations 97

## 10 ABDOMINAL VASCULATURE 98

- I. Abdominal Aorta 98
- II. Venous Drainage of Abdomen 100
- III. Hepatic Portal System 102

## 11 ABDOMINAL VISCERA 104

- I. Esophagus 104
- II. Stomach 107
- III. Duodenum 108
- IV. Jejunum 111
- V. Ileum 111
- VI. Innervation of the Small Intestine 112
- VII. Large Intestine 112
- VIII. Innervation of the Large Intestine 114
- IX. Appendix 115
- X. Gallbladder 116
- XI. Extrahepatic Biliary Ducts 116
- XII. Liver 119
- XIII. Pancreas 121
- XIV. Cross-sectional Anatomy 123
- XV. Radiology 126

## 12 SIGMOID COLON, RECTUM, AND ANAL CANAL 129

- I. Sigmoid Colon 129
- II. Rectum 131
- III. Anal Canal 132
- IV. Defecation Reflex 133
- V. Radiology 134

## 13 SPLEEN 135

- I. General Features 135
- II. Arterial Supply 135
- III. Venous Drainage 135
- IV. Clinical Considerations 136
- V. Radiology 137

## 14 KIDNEY, URETER, BLADDER, AND URETHRA 138

- I. General Features 138
- II. Kidney Surface Projections 139
- III. Internal Macroscopic Anatomy of the Kidney 139
- IV. Arterial Supply 140
- V. Venous Drainage 141

- VI.** Innervation 142
- VII.** Clinical Considerations of the Kidney 142
- VIII.** Ureter 143
- IX.** Urinary Bladder 145
- X.** Urethra 151
- XI.** Radiology 152

## **15 SUPRARENAL (ADRENAL) GLANDS 157**

- I.** General Features 157
- II.** Arterial Supply 158
- III.** Venous Drainage 158
- IV.** Innervation 158
- V.** Adrenal Cortex 158
- VI.** Adrenal Medulla 160

## **16 FEMALE REPRODUCTIVE SYSTEM 162**

- I.** Ovaries 162
- II.** Uterine Tubes 162
- III.** Uterus 164
- IV.** Cervix 167
- V.** Ectocervix 167
- VI.** Vagina 168
- VII.** External Genitalia 170
- VIII.** Innervation of the Female Reproductive System 171

## **17 MALE REPRODUCTIVE SYSTEM 172**

- I.** Testes 172
- II.** Epididymis 176
- III.** Ductus Deferens 176
- IV.** Contents of the Spermatic Cord 177
- V.** Ejaculatory Duct 177
- VI.** Seminal Vesicles 177
- VII.** Bulbourethral (BU) Glands of Cowper 177
- VIII.** Prostate Gland 178
- IX.** Penis 180
- X.** Innervation of the Male Reproductive System 182
- XI.** Erection, Secretion, Emission, and Ejaculation 182

## **18 PELVIS 183**

- I.** Bones of the Pelvis 183
- II.** Greater and Lesser Sciatic Foramina 185
- III.** Pelvic Inlet (Pelvic Brim) 185
- IV.** Pelvic Outlet 185

- V. Comparison of the Female and Male Pelvis 187
- VI. Muscles of the Pelvis 188
- VII. Arterial Supply 188
- VIII. Venous Drainage 189
- IX. Nerves 190
- X. Support of the Pelvic Organs 191
- XI. Clinical Considerations 192
- XII. Radiology 194

## 19 PERINEUM 195

- I. Perineum 195
- II. Urogenital (UG) Triangle 196
- III. Anal Triangle 197
- IV. Muscles of the Male and Female Perineum 197

## 20 UPPER LIMB 199

- I. Bones 199
- II. Muscles 199
- III. Arterial Supply 199
- IV. Venous Drainage 203
- V. Cutaneous Nerves of the Upper Limb 204
- VI. Brachial Plexus 204
- VII. Nerve Lesions 207
- VIII. Shoulder Region 209
- IX. Elbow Region 212
- X. Wrist and Hand Region 215
- XI. Cross Sectional Anatomy of Right Arm and Right Forearm 219

## 21 LOWER LIMB 221

- I. Bones 221
- II. Muscles 221
- III. Arterial Supply 221
- IV. Venous Drainage 225
- V. Cutaneous Nerves of the Lower Limb 226
- VI. The Lumbar Plexus 227
- VII. Nerve Lesions 229
- VIII. Hip and Gluteal Region 229
- IX. Knee Region 233
- X. Ankle and Foot Region 234
- XI. Cross-Sectional Anatomy of Right Thigh and Right Leg 238

## 22 HEAD 242

- I. Skull 242
- II. Scalp 245
- III. Meninges 246
- IV. Muscles of the Head 247
- V. Arterial Supply 247
- VI. Venous Drainage 251
- VII. Clinical Considerations 253
- VIII. Cranial Nerves 256

## 23 NECK 260

- I. Muscles of the Neck 260
- II. Cervical Plexus 260
- III. Cervical Triangles of the Neck 261
- IV. Larynx 264
- V. Thyroid Gland 268
- VI. Parathyroid Gland 268
- VII. Parotid Gland 268
- VIII. Cross Section of the Neck at the Level of C7 Vertebra 269

## 24 EYE 270

- I. Bony Orbit 270
- II. Eyelids and Lacrimal Apparatus 271
- III. The Globe or Eyeball 273
- IV. Extraocular Musculature 275
- V. Arterial Supply of the Orbit 277
- VI. Venous Drainage of the Orbit 277
- VII. Clinical Considerations 278

## 25 EAR 281

- I. General Features 281
- II. External Ear 281
- III. Middle Ear 283
- IV. Inner Ear 284
- V. Clinical Considerations 286

**Appendix 1: Muscles of the Arm 287**

**Appendix 2: Muscles of the Leg 290**
