

Contents

	Preface	vii
Chapter 1	<u>How to Write a Researchable Question</u>	<u>1</u>
	Research Topics	3
	What Is a Researchable Question?	5
	Asking Research Questions	7
	Examining Components of a Research Question	10
	Be Interested in Your Idea	21
	Bibliography	23
Chapter 2	<u>From Question to Problem</u>	<u>25</u>
	Finding the Level of Knowledge About a Topic	26
	How to Search the Literature on Your Topic	32
	Level of Theory and Level of Question	34
	Developing the Research Problem from the Literature Review	36
	Beginning with an Observation	41
	Bibliography	47
Chapter 3	<u>The Full and Final Research Problem</u>	<u>49</u>
	Elements of a Research Problem	50
	The Psychology of Argument	55
	Strongest Argument Last	57
	Substantiate What You Say	58
	Bibliography	60

Chapter 4	Critical Review of the Literature	63
	Content of a Critique	66
	What to Critique	66
	How to Do a Critique	67
	Guidelines for Critique of Published Research	75
	Where Does the Critique Belong?	76
	Bibliography	77
Chapter 5	Stating the Purpose of the Study	79
	Level I: The Purpose Written as a Declarative Statement	80
	Level II: The Purpose Written as a Question	82
	Level III: The Purpose Written as a Hypothesis	85
	Examining the Components of a Hypothesis	90
	The Significance of the Statement of Purpose	91
	Stating the Purpose of the Study: A Summary	91
	Bibliography	93
Chapter 6	Defining Your Terms	95
	Types of Variables	100
	Defining the Independent Variable	101
	How Variables Are Measured	103
	Terms That Need Definition	110
	Writing Operational Definitions: A Review	110
	Bibliography	112
Chapter 7	The Research Design: Blueprint for Action	113
	Designing Your Study from the Question	115
	Characteristics of Research Designs	116
	Issues of Control	120
	Descriptive Designs	121
	Experimental Designs	131
	Controlling Unwanted Influences	137
	Level of Study and Degree of Control	145
	Bibliography	147

Chapter 8	Selecting the Sample	151
	Types of Samples	155
	Sample Size	164
	Level of Study and Sample Selection	166
	Bibliography	169
Chapter 9	Selecting a Method to Answer the Question	171
	Observation	173
	Questionnaires and Interviews	181
	Available Data	192
	Physiological Measures	194
	Bibliography	195
Chapter 10	Reliability and Validity of Measurement	197
	Errors in Data Collection Procedures	198
	Validity	203
	Reliability	209
	Reliability and Validity Issues in Field Research Using Participant Observation	215
	Reliability and Validity in the Research Plan	219
	Self-Test	220
	Bibliography	222
Chapter 11	Ethics in Nursing Research	225
	Problems Involving Ethics	228
	Informed Consent	233
	Balancing Potential Benefit Against Actual Cost	235
	Maintaining Anonymity and Confidentiality	237
	Federal Guidelines on the Submission of Proposals for Review	238
	Ethical Principles Underlying Protection of Human Subjects	240
	Bibliography	243
Chapter 12	Planning for Analysis of Data	247
	Descriptive Analysis	248
	Inferential Analysis	261

	Choosing a Statistical Test: What Does Your Hypothesis Ask?	264
	The Answer Is in the Question	268
	Bibliography	272
Chapter 13	Writing the Research Proposal	275
	The Introductory Section: Research Problem	277
	Form of the Final Research Problem	278
	Statement of the Purpose of the Study	286
	Definition of Terms	286
	The Research Design	287
	The Sample	288
	Methods and Instruments	291
	Reliability and Validity	291
	Data Analysis	292
	Ethics	293
	In Summary	294
	Variations in the Proposed Format	294
	The Finished Proposal	297
	Bibliography	299
Appendix A	Appendix Contents: Sample Research Proposals	301
Appendix B	The Experience of Nurse–Midwives in Ghana with the Use of the WHO Partograph	303
Appendix C	The Incidence of Acute Stress Disorder Among Parents of Premature Infants Admitted into the Neonatal Intensive Care Unit	329
Appendix D	Nausea and Vomiting Following Posterior Fossa Surgery: Determination of Incidence, Risk, and Protective Factors in Children	375
Appendix E	The Impact of Older Maternal Age at First Birth on the Risk of Spontaneous Preterm Birth in Northern and Central Alberta	409
Appendix F	Maintaining Catheter Patency Using Recombinant Tissue Plasminogen Activator	453
Appendix G	Standardized Telephone Triage Practice: Impact of Protocol Implementation on Reported Job Stress and Satisfaction by Nurses in a Pediatric Oncology Outpatient Setting	477
	Index	503
